

Carbon Monoxide Alarm with Digital Display and Self-Recharging Battery Backup

A self-recharging battery offers continuous protection in case of a power failure. Using a rechargeable battery saves both money and the environment.

One alarm is not enough! Have at least one on every floor, preferably with a digital readout in order to view low levels before becoming a problem.

900-0099-005

CSA-6.19-01

Features:

• **AC Plug-in Operated** – Easy to install - Just plug into an AC wall outlet.

• **Self-Recharging Battery Backup (included)** – Continuous protection in case of power failure.

• **Test / Reset Button** – Tests circuitry and resets alarm.

• **Digital Readout** – Continuous display of CO levels.

• **Peak Level Memory** – Recalls the last highest recorded level of CO.

• **Three Mounting Options** – As a direct plug in, as a table top unit, or as a wall mounted unit.

Specifications:

Product dimensions:	8" x 12" x 6.25" deep
Colour / Case Pack:	White / 6 units
Electrical Rating:	120V AC, 60Hz, 60mA, Li-ion Battery Backup
Audio Alarm:	85dB
Temperature Range:	40°F (4.4°C) to 100°F (37.8°C)
Humidity Range:	15% to 85% relative humidity
Sensor:	Electrochemical
Limited Warranty:	7 Year
Weight:	0.90lb
UPC:	0-47871-05872-3
