CXKIT450A

A CLASSIC REINVENTED!

The new Broan CX series: a true value. This reliable, quiet, and effective system that blends tradition and innovation is made in Canada according to the strictest quality standards. What's more, thanks to its highly competitive price, it's the perfect entry-level product.

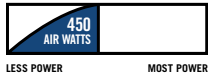

CXKIT450A

The set includes the CX450 power unit, the standard BN135 six-piece tool set with a telescopic wand and a 1¼" x 30' low-voltage crush-proof hose, equipped with a 360° rotating handle. It also features a multi-surface floor tool that's effective on all types of flooring: carpet, tile, wood, and ceramic.

Disposable Bag

INNOVATIVE FEATURES FOR OPTIMUM PERFORMANCE

INTEGRATED MUFFLER

No need to spend money on an external muffler thanks to the Broan CX Series, which features an integrated muffler for quiet operation and more convenient installation.

PERMANENT FILTER (OPTIONAL)

Makes it possible to change from a disposable bag to a permanent filter assembly (sold separately). The Broan CX Series includes an easy-to-clean and corrosion-resistant 6-gallon debris pail.

EASY TO INSTALL

Designed with left and right intake ports for easy installation. Its slim profile allows access to even the tightest spaces. Each unit comes with a wall mount bracket for simple, safe wall mounting.

EASY MAINTENANCE

Ergonomic latches allow for easy removal of the debris pail – no struggling with the unit! The disposable bag can also be easily accessed and removed.

Replacement bags available under part number 391C (sold separately)
