1 year warranty

TYPICAL SPECIFICATION

The Range Hood shall be Broan BDF Series.

It shall be available in a 30" (762 mm) width. The Range Hood shall be available in a white finish and a stainless steel finish.

Unit shall have a built-in back draft damper and be ducted to exterior of dwelling either horizontally or vertically.

Unit shall have two fan speed rocker switch controls, a light rocker switch control and an on/off rocker switch control (controls stainless steel in colour). Unit shall have a black control panel.

Unit shall have 2 double speed fan motors.

Maximum air delivery shall be no less than 500 CFM (236 L/s) and sound levels no greater than 4.1 Sones (3 1/4" x 10" vertical discharge). All air and sound ratings shall be certified by HVI.

Units shall be CSA certified.

HVI-2100 CERTIFIED RATINGS comply with new testing technologies and procedures prescribed by the Home Ventilating Institute, for off-the-shelf products, as they are available to consumers. Product performance is rated at 0.1 in. (2.54 mm) static pressure, based on tests conducted in AMCA's state-of-the-art test laboratory. Sones are a measure of humanly-perceived loudness, based on laboratory measurements.
