

# MYSTÈRE RUSTIQUE

*Warmth from the heart of J.A. ROBY inc.*

In order to do our best in regard of environmental concerns, our wood stoves are designed to burn their gases twice through a unique system of combustion. Gases which resist to wood combustion are therefore burned by an additional supply of oxygen which comes from a second air entry situated at the superior level of combustion chamber.

**EPA**

ALSO AVAILABLE IN RUSTIC STYLE FINISHING :  
MAT BLACK TEXTURED BROWN,  
GREY TEXTURED SILVER OR  
MOSS GREEN TEXTURED BROWN .

Pictures shown are as indicative title only.

ENJOY THE TRADITIONAL  
RECIPE COOKED ON A  
WOOD BURNING FIRE.
